

ELECTRIC SCOOTERS AND BICYCLES

Association between helmet use and the frequency of maxillofacial injuries after bicycle- or scooter-related accidents in children [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2025; online 16 Dec 10.1016/j.joms.2025.12.008
Facial trauma in e-scooter vs. bicycle accidents: a retrospective comparative analysis in a metropolitan setting [Accessible from the Wiley link on this page]	Dent Traumatol 2025; 41(6): 641-648
Electric scooter-related oral and maxillofacial injuries in Oxfordshire [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2024; Aug 02
E-scooter-related dental injuries: a two-year retrospective review [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ (2024). https://doi.org/10.1038/s41415-024-7345-4
New generation vehicles: the impact of electric scooter trauma on the severity of facial fractures assessed by FISS score. A multicenter study [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2024; May 24
A comparison of maxillofacial and head injuries following electric scooter and bicycle accidents [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2024; Mar 19
A retrospective comparative study of maxillofacial injury patterns caused by electric scooters and bicycles [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40(1): 76-83
Maxillofacial trauma caused by e-scooters: a retrospective review prior to the extension of the UK scheme [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2024; 62(2): 157-163
Effect of helmet use on maxillofacial injuries due to bicycle and scooter accidents: a systematic literature review and meta-analysis	Int J Oral Maxillofac Surg 2024; 53(1): 28-35
E-scooter facial fractures: a comparative cohort study (request using https://www.smartsurvey.co.uk/s/PJHMY/) [Not included in the loan package]	J Cranio-Maxillofac Surg 2024; Jun 14
E-scooters and maxillofacial fractures: a seven-year multi-centre retrospective review	Aust Dent J 2023; 68(2): 113-119
Comparison of characteristics of kick- and electric-scooter-related dental and maxillofacial injuries: A retrospective study [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(6): 565-574
E-scooter-related facial injuries: a one-year review following implementation of a citywide trial	BDJ 2023; 234(2): 102-105

ELECTRIC SCOOTERS AND BICYCLES

Oral and maxillofacial injuries associated with e-scooter use at Broomfield Hospital: a cohort study of 24 months of data since e-scooter legalisation in the UK	BDJ 2023; Feb 03
Trauma characteristics associated with e-scooter accidents in Switzerland – a case series study	Int J Environ Res Public Health 2023; 20(5): 4233
Maxillofacial injuries sustained by riders of electric-powered bikes and electric-powered scooters	Int J Environ Res Public Health 2022; 19(22): 15183
E-scooter-related craniomaxillofacial injuries compared with bicycle-related injuries - A retrospective study (request using https://www.smartsurvey.co.uk/s/PJHMY/) [Not included in the loan package]	J Cranio-Maxillofac Surg 2022; 50(9): 738-744
Maxillofacial fractures in electric and conventional bicycle-related accidents	J Oral Maxillofac Surg 2022; 80(8): 1361-1370
Electric scooters: a quick way to get to the emergency department?	BDJ 2022; 232(8): 535-537
Oral and maxillofacial injuries from electric scooters in Bristol: a retrospective observational study [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2022; 60(6): 837-840
Electric scooters: convenient transport or ED headache? [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2022; 60(2): 199-200
Injury patterns and outcomes in bicycle-related maxillofacial traumata: A retrospective analysis of 162 cases (request using https://www.smartsurvey.co.uk/s/PJHMY/) [Not included in the loan package]	J Cranio-Maxillofac Surg 2022; 50(1): 70-75
Age as a predictive factor in severity of injuries in riders of electric bikes and powered scooters: a retrospective cross-sectional study	Healthcare (Basel) 2022; 10(9): 1689
Impact of drug and alcohol use on hospitalization for injuries in riders of electric bikes or powered scooters: a retrospective cross-sectional study	Healthcare (Basel) 2022; 10(6): 1026
The impact of helmet use on oral and maxillofacial injuries associated with electric-powered bikes or powered scooter: a retrospective cross-sectional study	Head Face Med 2021; 17(1): 36
Maxillofacial trauma following road accidents-An 11-year multi-center study in Israel [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(3): 407-413
Intoxication is a significant risk factor for severe craniomaxillofacial injuries in standing electric scooter accidents [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2021; 79(5): 1084-1090

ELECTRIC SCOOTERS AND BICYCLES

[E-scooter injuries referred to the oral and maxillofacial surgical service at Christchurch Hospital: a retrospective observational study and cost analysis of 17-months of data](#) [free to members on Science Direct. If you do not have a login email library@bda.org to request one]

Br J Oral Maxillofac Surg 2021;
59(4): 439-444

Craniofacial and dental injuries associated with stand-up electric scooters [Accessible from the Wiley link [on this page](#)]

Dent Traumatol 2021; 37(2): 229-233

[Assessment of craniomaxillofacial injuries after electric scooter accidents in Turku, Finland, in 2019](#) [free to members on Science Direct. If you do not have a login email library@bda.org to request one]

J Oral Maxillofac Surg 2020; 78(12):
2273-2278

[Are motorized scooters associated with more severe craniomaxillofacial injuries?](#) [free to members on Science Direct. If you do not have a login email library@bda.org to request one]

J Oral Maxillofac Surg 2020; 78(9):
1583-1589

Dental and maxillofacial injuries associated with electric-powered bikes and scooters in Israel: A report for 2014-2019 [Accessible from the Wiley link [on this page](#)]

Dent Traumatol 2020; 36(5): 533-537

[Craniofacial injuries seen with the introduction of bicycle-share electric scooters in an urban setting](#) [free to members on Science Direct. If you do not have a login email library@bda.org to request one]

J Oral Maxillofac Surg 2019; 77(11):
2292-2297
