

MAXILLOFACIAL INJURIES

Association of maxillofacial fractures with demographic and dental factors: the roles of edentulism, posterior occlusion, canines, and lower third molar	Dent Traumatol 2026; online 22 March: ed.70069
Public perspectives of oral and maxillofacial injuries related to domestic abuse experiences and help-seeking barriers: Web scraping of Reddit posts	Dent Traumatol 2026; 42(2): 195-201
Performance of machine learning algorithms in predicting the need for surgical fixation in pediatric craniomaxillofacial trauma [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2026; 55(2): 222-230
Association between helmet use and the frequency of maxillofacial injuries after bicycle- or scooter-related accidents in children [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2025; Dec 16
Falls and interpersonal violence, the main patterns of maxillofacial trauma in older adults in Chile [Accessible from the Wiley link on this page]	Gerodontol 2025; 42(4): 554-561
Magnetic resonance imaging in dental, oral and maxillofacial trauma: A systematic review	J Cranio-Maxillo-Fac Surg 2025; 53(9): 1438-1454
Trends in the last decade of maxillofacial trauma in England [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2025; 63(10): 761-766
The role of professional oral hygiene in enhancing outcomes of maxillofacial trauma surgery	J Stomatol Oral Maxillofac Surg 2025; 126(4S): 102269
Pediatric maxillofacial trauma: Machine learning based predictive modeling to identify trauma patterns [Accessible from the Wiley link on this page]	Dent Traumatol 2025; 41(6): 687-695
Application of recombinant human epidermal growth factor in oral and maxillofacial trauma and its impact on healing time [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Stomatol Oral Maxillofac Surg 2025; 126(5S): 102326
Facial trauma management: A nationwide data collection on practice patterns and patient care in oral and maxillofacial surgery in Germany	J Cranio-Maxillofac Surg 2025; 53(7): 999-1008
Urban violence and maxillofacial trauma: Sex differences in a cross-sectional study from Belo Horizonte, Brazil [Accessible from the Wiley link on this page]	Dent Traumatol 2025; 41(3): 291-296
Illicit cocaine and opioid drug-related maxillofacial trauma: a 10-year review of a state-wide database of all hospitals admissions	Oral Surg Oral Med Oral Pathol Oral Radiol 2025; 139(1): 25-32

MAXILLOFACIAL INJURIES

Electric scooter-related oral and maxillofacial injuries in Oxfordshire [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2024; 62(9): 826-830
A cross-sectional study of the impact of the COVID-19 lockdown on domestic violence-related oral and maxillofacial injuries [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40 (Suppl. 2): 74-81
What is the relationship between maxillofacial injury location and associated injuries?	J Oral Maxillofac Surg 2024; 82(7): 800-805
Effect of helmet use on maxillofacial injuries due to bicycle and scooter accidents: a systematic literature review and meta-analysis	Int J Oral Maxillofac Surg 2024; 53(1): 28-35
What are the incidence and costs associated with interfacility emergency department transfer patients treated by oral and maxillofacial surgeons? [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2024; 138(5): 608-612
Imaging of maxillofacial injuries [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Dent Clin N Am 2024; 68 (2): 393-407
A 5-year comprehensive evaluation of maxillofacial injuries in polytrauma patients at a tertiary hospital - an epidemiological study	Acta Odontol Scand 2024; 83: 126-131
A comparison of maxillofacial and head injuries following electric scooter and bicycle accidents [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2024; 82(8): 953-960
Prevalence and pattern of maxillofacial injuries associated with domestic violence: A retrospective study at a major trauma center [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40(Suppl. 2): 61-68
The effectiveness of electronic screening and brief intervention for alcohol-related maxillofacial trauma: a randomized controlled trial	Oral Surg Oral Med Oral Pathol Oral Radiol 2024; 137(5): 451-462
The aetiology of maxillofacial trauma in Australia: A scoping review	Aust Dent J 2024; 69(2): 146-156
Changing trends in maxillofacial injuries among paediatric, adult and elderly populations: A 22-year statistical analysis of 3424 patients in a tertiary care centre in Northwest Italy [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40(2): 187-194
A retrospective comparative study of maxillofacial injury patterns caused by electric scooters and bicycles [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40(1): 76-83
Minimal clinically important difference in maxillofacial trauma patients: a prospective cohort study [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2024; 62(2): 177-183

MAXILLOFACIAL INJURIES

Dental and maxillofacial injuries associated with domestic violence against women in Israel: A report for 2011-2021	Dent Traumatol 2024; 40(Suppl. 2): 69-73
Role of procalcitonin, interleukin-6 and interleukin-10 as a predictive marker for the use of perioperative steroid in maxillofacial trauma patients [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2024; 62(5): 448-452
Post-traumatic stress disorder in maxillofacial trauma victims- A systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Stomatol Oral Maxillofac Surg 2024; 125(12 Suppl. 2): 101993
Maxillofacial trauma caused by e-scooters: a retrospective review prior to the extension of the UK scheme [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2024; 62(2): 157-163
Prevalence of dental, oral, and maxillofacial traumatic injuries among domestic violence victims: A systematic review and meta-analysis	Dent Traumatol 2024; 40(Suppl. 2): 33-42
The profile of patients with maxillofacial trauma due to interpersonal violence treated in a hospital emergency room [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40(1): 35-43
Manual versus rigid intraoperative maxillo-mandibular fixation in the surgical management of mandibular fractures: A European prospective analysis	Dent Traumatol 2023; 39(5): 448-454
Trends in mandibular fractures in the USA: A 20-year retrospective analysis	Dent Traumatol 2023; 39(5): 425-436
Factors predicting oral and maxillofacial fractures after falling and factors predicting the duration of treatment [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(5): 418-424
A meta-analysis to evaluate the prevalence of maxillofacial trauma caused by various etiologies among children and adolescents	Dent Traumatol 2023; 39(5): 403-417
Evaluation of the pattern of fracture formation from trauma to the human mandible with finite element analysis. Part 2: The corpus and the angle regions [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(5): 437-447
Evaluation of the pattern of fracture formation from trauma to the human mandible with finite element analysis. Part 1: Symphysis region [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(4): 352-360
Epidemiological aspects of dental trauma associated with maxillofacial injures: Ten years of clinical experience in Trieste, Italy	Dent Traumatol 2023; 39(4): 346-351
Estimated prevalence of facial injury-related mortality in the United States pediatric population [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(3): 223-232

MAXILLOFACIAL INJURIES

The effect of pulp volume and impact direction on the stress and strain distribution during an impact [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(3): 214-222
Traumatic maxillofacial injuries: Patterns, outcomes, and long-term follow-up of a military cohort [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(2): 147-156
Oral and maxillofacial emergencies: A retrospective study of 5220 cases in West China [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(2): 140-146
As low as diagnostically acceptable dose imaging in maxillofacial trauma: a reference quality approach	DMFR 2023; 52(3): 20220387
Tooth in the line of a mandibular fracture: Retain it or remove it? Clinical case report [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(2): 179-183
Pediatric mandibular fractures: Surgical management and outcomes in the deciduous, mixed and permanent dentitions [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(2): 233-239
Characteristics and management of teeth in the line of mandibular fractures treated with internal fixation [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39 (1): 25-30
Impact of case complexity on paediatric dentists' ability to radiographically diagnose traumatic dental injuries [Accessible from the Wiley link on this page]	Dent Traumatol 2022; 38(6): 450-456
Mandibular fractures in aged patients – challenges in diagnosis [Accessible from the Wiley link on this page]	Dent Traumatol 2022; 38(6): 487-494
An evidence-based approach to antibiotic use in maxillofacial trauma [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2022; Jan 05
Are the elderly with maxillofacial injuries at increased risk of associated injuries?	J Oral Maxillofac Surg 2022; May 02
Role of environmental and occupational factors in fall-related maxillofacial fractures	Clin Exp Dent Res 2022; 8 (3): 737-741
Epidemiology of maxillofacial injuries in “Heratsi” No 1 university hospital in Yerevan, Armenia: a retrospective study	BMC Oral Health 2022; 22 (1): 123
Pattern of oral and maxillofacial trauma and associated factors: an 8-year prospective study [Accessible from the Wiley link on this page]	Dent Traumatol 2022; 38(5): 356-366
Comprehensive analysis of patients with failure of the mandibular hardware [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2022; 134 (1): 15-19

MAXILLOFACIAL INJURIES

Mandibular fracture repair in older adults: is age associated with adverse outcomes? [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2022; 80 (6): 1040-1052
Patterns of maxillofacial trauma in helmet vs. non helmet wearing two wheeler drivers in a tertiary care centre [Accessible from the Wiley link on this page]	Dent Traumatol 2022; Apr 28
Comparison of oral and maxillofacial trauma during the first and third lockdown of the COVID-19 pandemic in the United Kingdom [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2022; 60 (4): 465-469
A multicentric, prospective study on oral and maxillofacial trauma in the female population around the world	Dent Traumatol 2022; 38 (3): 196-205
Dental management of maxillofacial ballistic trauma	J Pers Med 2022; 12 (6): 934
A multicentric, prospective analysis of maxillofacial trauma in the elderly population [Accessible from the Wiley link on this page]	Dent Traumatol 2022; 38 (3): 185-195
Trends in maxillofacial trauma during COVID-19 at a level 1 trauma center	Ear Nose Throat J 2022; Apr 12
Characteristics and age-related injury patterns of maxillofacial fractures in children and adolescents: a multicentric and prospective study	Dent Traumatol 2022; 38 (3): 213-222
The changing face of maxillofacial trauma during the 2020 COVID-19 lockdowns in Melbourne, Australia	Oral Maxillofac Surg 2022; 23 Jan
Effect of social distancing during the COVID-19 pandemic on the occurrence of maxillofacial fractures in a Finnish Tertiary Trauma Centre	Acta Odontol Scand 2022; 80 (2): 157-160
Comparison of oral and maxillofacial trauma during the first and third lockdown of the COVID-19 pandemic in the United Kingdom [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2022; 60 (4): 465-469
What are the risk factors of incurring maxillofacial fractures from hand-to-hand combat? [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2022; 80 (3): 481-489
Systemic antibiotic prophylaxis in maxillofacial trauma: a scoping review and critical appraisal	Antibiotics (Basel) 2022; 11 (4): 483
What are possible contributors to associated dental injury in mandibular fractures? [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2022; 80 (1): 127-136
A new classification of mandibular fractures [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2022; 51 (1): 78-90

MAXILLOFACIAL INJURIES

Prognosis of teeth in mandibular fracture lines [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(3): 430-435
Incidence of maxillofacial trauma amid COVID-19: a comparative study	J Maxillofac Oral Surg 2022; 21 (2): 420-425
Maxillofacial trauma following road accidents—An 11-year multi-center study in Israel [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(3): 407-413
Pogo-sticks and maxillofacial injuries: a review of 619 head and neck injuries [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2021; 79 (10): 2115-2122
Patterns of maxillofacial injuries in the Middle East and North Africa: a systematic review	Int Dent J 2021; 71 (4): 292-299
Checklist for the initial evaluation of oral and maxillofacial trauma [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(3): 400-406
What is a better modality of maxillomandibular fixation: bone-supported arch bars or Erich arch bars? A systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2021; 59 (8): 858-866
Conservative management of pediatric mandibular distal fractures—A retrospective study [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(2): 321-329
Updates in the management of craniomaxillofacial gunshot wounds and reconstruction of the mandible [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Maxillofac Surg Clin N Am 2021; 33 (3): 359-372
Management of laryngeal trauma [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Maxillofac Surg Clin N Am 2021; 33 (3): 417-427
Dentoalveolar injuries, bicycling accidents and helmet use in patients referred to a Norwegian Trauma Centre: A 12-year prospective study [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(2): 240-246
Do the benefits of systemic corticosteroids outweigh adverse effects during maxillofacial trauma surgery? A systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2021; 79 (7): 1530.e1-1530.e21
Mandibular traumas by gunshot. A systematic review with meta-analysis and algorithm of treatment [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2021; 59 (3): e99-e108
Factors influencing the long-term hospitalization of bicyclists and motorcyclists with oral and maxillofacial injuries [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(2): 234-239

MAXILLOFACIAL INJURIES

Complications after different methods for fixation of mandibular angle fractures: network meta-analysis of randomized controlled trials [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2021; 50 (11): 1450-1463
Secondary correction of midface fractures [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Maxillofac Surg Clin N Am 2021; 29 (1): 139-150
Secondary corrections of the orbit: solitary fractures [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Maxillofac Surg Clin N Am 2021; 29 (1): 129-137
Traumatic maxillofacial and brain injuries: a systematic review [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2021; 50 (8): 1027-1033
Mandible fractures and dental injuries related to road traffic accidents over a 12-year period—Retrospective multicentre study [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(2): 223-228
How useful is intraoperative cone beam computed tomography in maxillofacial surgery? An overview of the current literature [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2021; 50 (2): 198-204
Impact of mandibular third molars on angle fractures: A retrospective study [Accessible from the Wiley link on this page]	Dent Traumatol 2021; 37(1): 103-107
Combination of rigid and nonrigid fixation versus nonrigid fixation for bilateral mandibular fractures: A multicenter randomized controlled trial [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2020 ; 78(10) : 1781-1794
Effects of maxillomandibular fixation and rigid internal fixation on pulmonary function in patients with mandibular fracture [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Int J Oral Maxillofac Surg 2020 ; 49(9) : 1193-1198
Evaluation of efficacy of low intensity pulsed ultrasound in facilitating mandibular fracture healing – a blinded randomized controlled clinical trial [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2020 ; 78(6) : 997.e1-997.e7
Effect of third molars in the line of mandibular angle fractures on postoperative complications: systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Int J Oral Maxillfac Surg 2020 ; 49(4) : 471-482

MAXILLOFACIAL INJURIES

Associations between epilepsy and oral and maxillofacial trauma: a systematic review and meta-analysis [Accessible from the Wiley link on this page]	Spec Care Dent 2019; 39 (4): 362-374
Is there a benefit to the use of melatonin in preoperative zygomatic fractures? [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2019 ; 77(10) : 2017.e1-2017.e7
Fixation points in the treatment of traumatic zygomaticomaxillary complex fractures: A systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2019 ; 77(10) : 2064-2073
Does the use of hybrid arch bars for the treatment of mandibular fractures reduce the length of surgery? [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2018 ; 76(12) : 2592-2597
Advancements in maxillofacial trauma: a historical perspective [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2018; 76 (11): 2256-2270
Reconstructing a traumatic empty orbit: principles, difficulties of treatment, and literature review [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2018; 76 (9): 1952.e1-1952.e4
Use of patient-reported outcome measures in oral and maxillofacial trauma surgery: a review [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2018; 56 (5): 371-379
Three-dimensional strut plate for the treatment of mandibular fractures: a systematic review [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Int J Oral Maxillofac Surg 2018 ; 47(3) : 330-338
Trauma to the pediatric temporomandibular joint [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Maxillofac Surg Clin N Am 2018; 30 (1): 47-60
Does an association exist between the presence of lower third molar and mandibular angle fractures? A meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2018 ; 76(1) : 34-45
Controversies in maxillofacial trauma [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Oral Maxillofac Surg Clin N Am 2017; 29 (4): 391-399
Atrophic mandible fractures: are bone grafts necessary? An update [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2017; 75 (11): 2391-2398

MAXILLOFACIAL INJURIES

A historical perspective with current opinion on the management of atrophic mandibular fractures [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2017 ; 124(6) : e276-e282
Contemporary management of maxillofacial ballistic trauma [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Br J Oral Maxillofac Surg 2017; 55 (7): 661-665
Influence of third molars in mandibular fractures. Part 1: mandibular angle – a meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2017; 46 (6): 716-729
Complications associated with the treatment of fractures of the dentate portion of the mandible in paediatric patients: a systematic review [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Int J Oral Maxillofac Surg 2017 ; 46(4) : 465-472
Does dexamethasone facilitate neurosensory function regeneration after zygomatic fracture? A randomized controlled trial [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2017 ; 28(6) : 1456-1461
Late mandibular fracture occurring in the postoperative period after third molar removal: systematic review and analysis of 124 cases [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Int J Oral Maxillofac Surg 2017 ; 46(1) : 46-53
A multi-outcome analysis of the effects of treatment timing in the management of zygomatic fractures [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	Int J Oral Maxillofac Surg 2016; (45): 51-56
Immediate versus delayed treatment of mandibular fractures: a stratified analysis of complications [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Oral Maxillofac Surg 2016 ; 74 : 1186-1196
Postoperative radiographs after open reduction and internal fixation of mandibular fractures: clinical need or unnecessary radiation? [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2016 ; 54 : 312-315
Alveolar process fractures in the permanent dentition. Part 1: Etiology and clinical characteristics. A retrospective analysis of 299 cases involving 815 teeth [can be accessed on DOSS free by logging in on this page]	Dent Traumatol 2015 ; 31(6): 442-447
Maxillofacial fractures in women and men: a 10-year retrospective study [free to members on Science Direct. If you do not have a login email library@bda.org and to request one]	J Oral Maxillofac Surg 2015; (73): 2181-2188
