

FRACTURES

Managing fractured ceramic restorations: current evidence and best practices—a scoping review	J Esthet Restor Dent 2026; 38(5): 1032-1071
Evaluation of validity and reliability of YouTube and Vimeo contents about the management of tooth fracture in permanent dentition: a cross-sectional study [Accessible from the Wiley link on this page]	Dent Traumatol 2026; 42(2): 231-243
Botulinum toxin as a therapeutic adjunct in the management of facial fractures and osteotomies: case series and systematic review of an innovative chemical fixation approach [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Stomatol Oral Maxillofac Surg 2026; 127 (1): 102640
Managing failed fragment reattachment: influence of surface preparation and chamfer technique on fracture resistance [Accessible from the Wiley link on this page]	Dent Traumatol 2025; online ahead of print 31 December: 70048
Position statement on longitudinal cracks and fractures of teeth	Int Endod J 2025; 58(3): 379-390
The risk of bonded fragment loss in crown-fractured anterior teeth managed by fragment reattachment: a systematic review and meta-analysis [Log in to the BDA home page and follow the link to the BDJ Portfolio to access]	EBD 2024; 25(3): 167
Long-term complications and management of dental trauma in the adult patient – Part 1: fractured teeth, pulpal complications and resorption [Review] [Log in to the BDA home page and follow the link to the BDJ Portfolio to access]	BDJ 2024; 237(2): 95-105
Polychromatic restoration of anterior fractured teeth using a custom-made silicone matrix (request using https://www.smartsurvey.co.uk/s/PJHMY/)	Oper Dent 2024; 49(2): 119-126
Does an incomplete ferrule affect the fracture of endodontically treated teeth? A systematic review of in vitro studies [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Dent 2024; 146: 105068
Treatment outcomes of permanent teeth with uncomplicated and complicated crown fractures and factors associated with pulp survival: A retrospective study [Accessible from the Wiley link on this page]	Dent Traumatol 2024; 40(3): 306-315
Adhesion of tooth fragment after trauma: effect of adhesion strategy and storage in the rescue box	J Clin Pediatr Dent 2024; 48(2): 19-25
Clinical outcomes of surgical crown reattachment as treatment for complicated crown-root fractures: a retrospective study [can be accessed on DOSS free by logging in on this page]	Int J Periodont Restor Dent 2024; 44(2): 205-211
Are tooth and ceramic fractures different sides of the same coin? A report of two clinical cases [can be accessed on DOSS free by logging in on this page]	Int J Prosthodont 2023; 36(6): 777-780
Fragment reattachment: A 4-year case report of uncomplicated dental fractures [can be accessed on DOSS free by logging in on this page]	Int J Periodont Restor Dent 2023; 43(6): 707-713
Forced surgical extrusion using an axial tooth extraction system as a practicable technique for preserving severely destroyed teeth? - Clinical outcomes up to 4.8 years	J Esthet Restor Dent 2023; 35(7): 1152-1161
Management of crown-root fracture with 180-degree rotation replantation: a report of 2 cases [can be accessed on DOSS free by logging in on this page]	Chin J Dent Res 2023; 26 (1): 53-58

FRACTURES

Reattachment of fractured tooth fragment by multidisciplinary treatment approach	Bull Tokyo Dent Coll 2023; 64: 13-22
Frequency of obstructive sleep apnea in patients presenting with tooth fractures: A prospective controlled study [can be accessed on DOSS free by logging in on this page]	Int J Periodont Restor Dent 2023; 43 (1): 121-127
Fragment reattachment or direct restoration? An in vitro study [Accessible from the Wiley link on this page]	Dent Traumatol 2023; 39(3): 257-263
Minimal detectable width of tooth fractures using magnetic resonance imaging and method to measure [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Journal of Endodontics 2022; 48(11): 1414-1420
Vital pulp treatment for traumatized permanent teeth: A systematic review [Accessible from the Wiley link on this page]	International Endodontic Journal 2022; 55(6): 613-629
Success rate of fractured teeth receiving modified crown lengthening surgery and restorations	BMC Oral Health 2022; 22: Art 99
Endodontic management of traumatized permanent teeth: a comprehensive review [Accessible from the Wiley link on this page]	International Endodontic Journal 2021 ; 54(8): 1221-1245
Baseline characteristics as 3-year predictors of tooth fracture and crack progression: Findings from the national dental practice-based research network [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2021 ; 152(2) : 146-156
Fragment reattachment after complicated crown-root fractures of anterior teeth: A systematic review [Accessible from the Wiley link on this page]	Dent Traumatol 2021 ; 37(1) : 37-52
Injury prevention, safety education and violence in relation to the risk of tooth fracture among Korean adolescents	Int J Environ Res Public Health 2020 ; 17(22) : 11 18
Spontaneous mandibular fracture as a complication of inferior alveolar nerve transposition and placement of endosseous dental implants in the atrophic mandible: a review of the literature and a report of two cases and their nonsurgical conservative management [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2020 ; 51(3) : 230-237
Treatment of deep cusp fractures: A new technique [can be accessed on DOSS free by logging in on this page]	Int J Prosthodont 2020 ; 33(4) : 457-464
Long-term outcome of adhesive fragment reattachment in crown-root fractured teeth	Dent Traumatol 2020 ; 36(4) : 417-426
Reattaching traumatically fractured tooth fragments: a case report (request using https://www.smartsurvey.co.uk/s/PJHMV/)	Gen Dent 2020 ; 68(3) : 8-10

FRACTURES

Reattachment of fractured teeth using a multimode adhesive: Effect of different rewetting solutions and immersion time [Accessible from the Wiley link on this page]	Dent Traumatol 2020 ; 36(1) : 51-57
Spontaneous fracture of the genial tubercles of the mandible: A case report and review of the literature [Accessible from the Wiley link on this page]	Gerodontol 2017 ; 34(4) : 493-497
Adult dental trauma: what should the dental practitioner know? (request using https://www.smartsurvey.co.uk/s/PJHMY/)	Prim Dent J 2016 ; 5(2) : 66-77
Incidence of crown fracture and risk factors in the primary dentition: a prospective longitudinal study [Accessible from the Wiley link on this page]	Dent Traumatol 2016 ; 32(6): 450-456
International Association of Dental Traumatology guidelines for the management of traumatic dental injuries: 1. Fractures and luxations of permanent teeth	Dent Traumatol 2012; 28 : 2-12
An inventory of mandibular fractures associated with implants in atrophic edentulous mandibles: a survey of Dutch oral and maxillofacial surgeons [can be accessed on DOSS free by logging in on this page]	Int J Oral Maxillofac Implants 2011 ; 26(5) : 1087-1093
Current aspects of restoring traumatically fractured teeth [can be accessed on DOSS free by logging in on this page]	Eur J Esthet Dent 2011 ; 6 (2) : 124-141
Use of a CAD/CAM-fabricated glass fiber post and core to restore fractured anterior teeth: a clinical report (request using https://www.smartsurvey.co.uk/s/PJHMY/)	J Prosthet Dent 2010 ; (103) : 330-333
Crown-root fracture of a lower first primary molar: report of an unusual case [Accessible from the Wiley link on this page]	Dent Traumatol 2008 24(3) e377-e380
Effect of crown fracture on the surrounding periodontium [Accessible from the Wiley link on this page]	Dent Traumatol 2008 24(3) 328-331
Orthodontic management of a Le Fort II and midline palatal fracture [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2007 202(12) 739-740
Biomechanical evaluation of Le Fort I maxillary fracture plating techniques (request using https://www.smartsurvey.co.uk/s/PJHMY/)	J Oral Maxillofac Surg 2007 (65) 1109-1116
Mucociliary clearance and sense of smell following management of Le Fort maxilla fractures (request using https://www.smartsurvey.co.uk/s/PJHMY/)	Oral Surg Med Pathol 2006 (102) 287-291
Radiographic evaluation of the fate of developing tooth buds on the fracture line of mandibular fractures (request using https://www.smartsurvey.co.uk/s/PJHMY/)	J Oral Maxillofac Surg 2006 64;94-99

FRACTURES

Reattachment of a fractured maxillary tooth: a case report [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2004 35(8) : 601-4
Prevalence of cusp fractures in teeth restored with amalgam and with resin-based composite [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	JADA 2004 135 1127-32
Risk indicators for posterior tooth fracture [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	JADA 2004 135 883-92
An investigation into fractured surfaces of enamel of modern human teeth: a combined SEM and computer visualisation study (request using https://www.smartsurvey.co.uk/s/PJHMV/)	Arch Oral Biol 2003 48 449-457
A simple method to estimate restoration volume as a possible predictor for tooth fracture (request using https://www.smartsurvey.co.uk/s/PJHMV/)	J Prosthet Dent 2003 90 162-167
Tongue piercing: a restorative perspective [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2001 32(6) : 477-481
Incomplete tooth fracture – proposal for a new definition [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2001 190(8) : 424-8
Direct composite resin restoration of adolescent class IV tooth fracture: a case report (request using https://www.smartsurvey.co.uk/s/PJHMV/)	Pract Periodont Aesthet Dent 2000 12 (1) 23-9
A single visit, multidisciplinary approach to the management of traumatic tooth crown fracture [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2000 188 (11) 593-8
Managing incomplete tooth fractures [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	JADA 2000 131 1168-74
Efficacy of bonded and nonbonded amalgam in the treatment of teeth with incomplete fractures [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	JADA 2000 131 (4) 469-78
Restoration fractures, cusp fractures and root fragments in a diverse sample of adults: 24-month incidence [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	JADA 2000 131 (10) 1459-64
