GASTROINTESTINAL DISEASES

Periodontitis and gastric disorders: Systematic review and meta-analysis of functional dyspepsia and Helicobacter pylori gastritis	J Perio 2026; online 13 Aug doi.org/10.1002/jper.70177
Oral health of patients with inflammatory bowel disease-a cross-sectional survey in Austria	Clin Exp Dent Res 2026; 12(4): e70398
Oral and dental status in children with intestinal failure: a descriptive cross-sectional study	J Parenter Enteral Nutr 2026; 50(6): 873-880
Human lingual biofilm signatures in gastrointestinal disease: A scoping review	Int Dent J 2026; 76(5): 109762
Periodontitis and inflammatory bowel diseases: Mechanistic evidence [Review]	J Periodont Res 2026. May 19
The role of neutrophils in the pathophysiology of inflammatory bowel diseases [Review]	Periodontol 2000; 2026. Apr 09
Novel method to target apical periodontitis worsened by inflammatory bowel disease (request using https://www.smartsurvey.co.uk/s/PJHMV/)	J Dent Res 2026: *220345251412776*
Oral lichenoid reactions caused by mesalazine for treatment of ulcerative colitis: a case report and review of the literature	Case Rep Dent 2026: 4780630
Diagnostic accuracy of salivary periodontal biomarkers is reduced in patients with Crohn's disease	Clin Exp Dent Res 2026; 12(3): e70387
Impact of gastroesophageal reflux disease on salivary dynamics: a cross-sectional study [Accessible from the Wiley link on this page]	Spec Care Dent 2026; 46(3): e70176
Effective treatment of pediatric orofacial granulomatosis secondary to Crohn's disease with infliximab: a case report and review of literature [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2026; 142(1): e11-e17
Refractory oral manifestations of Crohn's disease [Review] [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Stomatol Oral Maxillofac Surg 2026; 127(2): 102625
Oral and intestinal histopathological alterations in inflammatory bowel disease: correlation with clinical activity and psychosocial factors-pilot study [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2026; 141(2): 197-208
Bottle-feeding and gastroesophageal reflux disease improvement after restrictive tethered oral tissues release	Eur J Paediatr Dent 2026; 27(1): 96-140
Impact of gastroesophageal reflux disease on salivary flow rate, pH and buffer capacity: A systematic review and meta-analysis	J Oral Rehabil 2025; 52(10): 1682-1698

GASTROINTESTINAL DISEASES

Prevalence of gastroesophageal reflux in children with cleft lip and/or palate: a 30-year pH-metry study [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2025; 63(10): 714-719
Unraveling the association between apical periodontitis and inflammatory bowel disease through mendelian randomization [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Endod 2025; 51(8): 1044-1052.e13
Manifestations of the oral mucosa and salivary glands in irritable bowel syndrome and microscopic colitis – A systematic review	Acta Odontol Scand 2025; 84: 349-362
Association of oral health and periodontal disease with oesophageal cancer: A nationwide population-based study	J Clin Periodontol 2025; 52(12): 1673-1686
Association between Heliobacter pylori infection and periodontal and gastric diseases: A meta-analysis	Int Dent J 2025; 75(3): 1510-1521
Oral manifestations of Crohn disease managed with ustekinumab: A case report [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2025; 156(2): 160-165
Exploring the association between gastroesophageal reflux and temporomandibular joint disorder in European populations: A bidirectional Mendelian randomized analysis	Int Dent J 2025; 75(1): 288-294
Periodontal treatment needs in children and adolescents with inflammatory bowel disease	Spec Care Dent 2025; 45(1): e13077
Obstructive sleep apnoea, sleep bruxism and gastroesophageal reflux – mutually interacting conditions? A literature review	Aust Dent J 2024; 69(S1): S38-S44
CREST syndrome diagnosed by oral lesions: A case report and review of the literature [Accessible from the Wiley link on this page]	Spec Care Dent 2024; 44(5): 1368-1376
Periodontitis and the risk of oral, gastric and oesophageal cancers: a two-sample Mendelian randomization study [Accessible from the Wiley link on this page]	Aust Dent J 2024; 69(4): 304-311
Relationship between oral microbiota and colorectal cancer: A systematic review	J Periodont Res 2024; 59(6): 1071-1082
Oral health in patients with inflammatory bowel disease: A cross-sectional study	Clin Oral Investig 2024; 28(10): 573
Association between periodontal diseases and the risk of site-specific gastrointestinal cancers: A systematic review and meta-analysis [can be accessed on DOSS free by logging in on this page]	J Dent Res 2024; 103(10): 962-972
Dental service use among adults with incident type 2 diabetes, rheumatoid arthritis or inflammatory bowel disease	Comm Dent Oral Epidemiol 2024; 52(6): 799-808

GASTROINTESTINAL DISEASES

Patients with inflammatory bowel disease have more oral health problems and higher costs of professional dental care than healthy controls: The Periodontitis Prevalence in ulcerative Colitis and Crohn disease (PPCC) case-control study	J Periodont 2024; 95(2): 159-174
Oral health statuses of individuals diagnosed with gastroparesis: A cross-section study	Int J Dent Hyg 2024; 22(4): 991-997
Association of periodontitis with gastrointestinal tract disorders: A bidirectional Mendelian randomization study [Accessible from the Wiley link on this page]	J Periodont 2024; 95(10): 1002-1010
The link between apical periodontitis and gastrointestinal diseases—a systematic review [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Endod 2023; 49(11): 1421-1431
Patient with Crohn's disease presents for pain in relation to maxillary teeth [Review] [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Dent Clin N Am 2023; 67(4): 695-698
Ulcerative colitis and periodontitis – a cross-sectional pilot study from a Norwegian cohort	Acta Odontol Scand 2023; 81(7): 541-548
Health-related quality of life aspects of the 'Periodontitis prevalence in ulcerative colitis and Crohn's disease' (PPCC) cohort	J Clin Periodont 2023; 50(12): 1601-1620
The impact of gastrointestinal diseases on oral and maxillofacial surgery outcomes [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2023; 136(5): 577-583
Advancing dentistry: fractal assessment of bone health in pediatric patients with celiac disease using dental images [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2023; 54(10): 822-831
Prevalence and association of gastroesophageal reflux disease and dental erosion: An overview of reviews. [Review] [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Dent 2023; 133: 104520
Gastrointestinal conditions related to tooth wear	BDJ 2023; 234(6): 451-454
Innovative staged treatment of a dentition worn from the effects of GERD and occlusal dysfunction [can be accessed on DOSS free by logging in on this page]	Compendium Contin Educ Dent 2023; 44(3): 148-153
Prevalence of apical periodontitis in patients with autoimmune diseases: A case-control study	Int Endod J 2023; 56(5): 573-583
Association between inflammatory bowel disease and periodontitis: A bidirectional two-sample Mendelian randomization study [Accessible from the Wiley link on this page]	J Clin Periodontol 2023; 50(6): 736-743

Periodontitis-induced oral microbiome alterations provide clues on how periodontitis exacerbates colitis [Accessible from the Wiley link on this page]	J Clin Periodont 2023; 50(5): 627-641
Periodontitis prevalence and severity in inflammatory bowel disease: A case-control study	J Periodont 2023; 94(3): 313-322
Fusobacterium nucleatum aggravates ulcerative colitis through promoting gut microbiota dysbiosis and dysmetabolism [Accessible from the Wiley link on this page]	J Periodontol 2023; 94(3): 405-418
Association between gastro-oesophageal reflux disease and dental erosion in children: A systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Dent 2022; 125: 104247
Rare mucocutaneous manifestations of ulcerative colitis: A case report of pyostomatitis vegetans and Sweet syndrome [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2022; 134(4): e256-e260
Periodontitis prevalence in patients with ulcerative colitis and Crohn's disease - PPCC: A case-control study	J Periodontol 2022; 49(12): 1262-1274
Effect of air-abrasion pretreatment with three bioactive materials on enamel susceptibility to erosion by artificial gastric juice [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Dent Mater 2022; 38(7): 1218-1231
Gastroesophageal reflux disease and oral health: A narrative review [Review] [Accessible from the Wiley link on this page]	Spec Care Dent 2022; 42(6): 555-564
Salivary gland involvement and oral health in patients with coeliac disease	Eur J Oral Sci 2022; 130(3): e12861
Periodontal connection with intestinal inflammation: Microbiological and immunological mechanisms. [Review]	Periodont 2000; 2022 89(1): 142-153
Periodontitis, Helicobacter pylori infection, and gastrointestinal tract cancer mortality [Accessible from the Wiley link on this page]	J Clin Periodontol 2022; 49(3): 210-220
Periodontitis salivary microbiota worsens in colitis (request using https://www.smartsurvey.co.uk/s/PJHMV/)	J Dent Res 2022; 101(5): 559-568
Cytokine profile in serum and gingival crevicular fluid of children with inflammatory bowel disease: A case-control study [Accessible from the Wiley link on this page]	J Periodontol 2022; 93(7): 1048-1059
Crohn's disease initially presenting with oral manifestations and managed with ustekinumab: A case report [Accessible from the Wiley link on this page]	Spec Care Dent 2021; 41(5): 634-638

GASTROINTESTINAL DISEASES

Dental and periodontal disease in patients with inflammatory bowel disease	Clin Oral Investig 2021; 25(9): 5273-5280
Association between periodontal disease and inflammatory bowel disease: a systematic review and meta-analysis	Acta Odontol Scand 2021; 79(5): 344-353
Is periodontal disease associated with increased risk of colorectal cancer? A meta-analysis [Accessible from the Wiley link on this page]	Int J Dent Hyg 2021; 19(1): 50-61
Is periodontal disease a risk indicator for colorectal cancer? A systematic review and meta-analysis [Accessible from the Wiley link on this page]	J Clin Periodontol 2021; 48(3): 336-347
Atypical healing related to irritable bowel disease [Accessible from the Wiley link on this page]	Clin Adv Periodont 2021; 11(2): 70-73
Oral lesions as first clinical manifestations of Crohn's disease in paediatric patients: a report on 8 cases	Eur J Paediatr Dent 2020; 21(1): 66-69
The association between erosive toothwear and gastro-oesophageal reflux-related symptoms and disease: A systematic review and meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Dent 2020; 95: 103284
Increased risk of dental caries and periodontal disease in Chinese patients with inflammatory bowel disease	Int Dent J 2020; 70(3): 227-236
Association between soft drink consumption, gastric reflux, dental erosion, and obesity among special care children [Accessible from the Wiley link on this page]	Spec Care Dent 2020; 40(1): 97-105
Is periodontitis a risk indicator for gastrointestinal cancers? A meta-analysis of cohort studies [Accessible from the Wiley link on this page]	J Clin Perio 2020; 47(2): 134-147
Effect of duodenogastric reflux on dental enamel	Oral Health Prev Dent 2020; 18(4): 701-706
A self-reported survey on oral health problems in patients with inflammatory bowel disease with a stoma	Oral Surg Oral Med Oral Pathol Oral Radiol 2020; 130(3): e80-e86
Caries among adult patients with controlled celiac disease: A cross-sectional study [Accessible from the Wiley link on this page]	Spec Care Dent 2020; 40(5): 457-463
The bacterial connection between the oral cavity and the gut diseases	J Dent Res 2020; 99(9): 1021-1029
Oral health and gastrointestinal cancer: A nationwide cohort study [Accessible from the Wiley link on this page]	J Clin Periodontol 2020; 47(7): 796-808
