

PERIODONTAL-ENDODONTIC LESIONS

The resolution of endo-periodontal lesions: New treatment protocol and time sequencing [can be accessed on DOSS free by logging in on this page]	Int J Esthet Dent 2026; 20 (4): 336-49
Management of periodontal abscesses and endodontic-periodontal lesions-a systematic review	J Clin Periodontol 2026; online 21 April: jcpe.70135
Management of the endodontic-periodontal lesion	BDJ 2025; 328 (7): 536-544
The development, diagnosis, prognosis and management strategies for teeth diagnosed with endodontic-periodontal lesions [Log in to the BDA home page and follow the link to the BDJ Portfolio to access]	BDJ Student 2024; 31(3): 94-99
Intentional replantation in combination with fibroblast growth factor-2 application and orthodontic tooth extrusion for periodontal regeneration in the treatment of severe endodontic-periodontal lesions [can be accessed on DOSS free by logging in on this page]	Int J Periodont Restor Dent 2025; 45 (4): 480-93
A clinical dilemma: Performing or avoiding root instrumentation in the treatment of the acute phase of endodontic-periodontal lesions? A case report	Clin Adv Periodont 2024; Jun 10 [Ahead of print]
Successful management of a tooth with an endodontic-periodontal lesion using a bone graft	Cureus 2024; 16(4): e58828
A retrospective study on the prognostic factors and success, survival, and failure outcomes of treated endodontic-periodontal lesions	Clin Exp Dent Res 2024; 10(1)
Minocycline hydrochloride ointment combined with Vitapex paste is effective for middle-aged and elderly patients with combined periodontal-endodontic lesions	Am J Translational Res 2024; 16(1): 314-322
A report on the impact of CGF on hard and soft tissues around endo-perio lesion	Bioinformation 2024; 20(5): 483-486
Endo-perio lesions and dentists' treatment approach: A survey	Med Sci Monit 2024; 30: e942544
Management of teeth with endodontic-periodontal lesions	J Dent Sci 2024; 19(2): 1226-1227
Prevalence of species of yellow, purple and green microbial complexes in endo-perio lesions: a systematic review	Braz Oral Res 2024; 38: e048
Influence of the timing of periodontal intervention on periapical/periodontal repair in endodontic-periodontal lesions: a systematic review [can be accessed on DOSS free by logging in on this page]	Clin Oral Investig 2023; 27(3): 933-942
Interdisciplinary management of combined periodontal-endodontic lesions with palatogingival grooves of the maxillary lateral incisors: a case report [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ 2023; 234: 27-33

The endodontic-periodontal juncture: Where two worlds meet. An overview of endo-perio lesions [Review]	Aust Dent J 2023; (68 Suppl): S56-S65
Effect of guided tissue regeneration on the success of surgical endodontic treatment of teeth with endodontic-periodontal lesions: A systematic review	Int Endod J 2023; 56(8): 910-921
Microbiota present in combined endodontic-periodontal diseases and its risks for endocarditis [can be accessed on DOSS free by logging in on this page]	Clin Oral Investig 2023; 27(8): 4757-4771
Management of teeth with Grade 3 endo-periodontal lesions by combined endodontic and regenerative periodontal therapy	J Clin Med 2023; 13(1): 93
Endo-perio relationship knowledge, understanding, and confidence among dentists	Adv Med Educ Pract 2023; 14: 195-201
Therapeutic potential of chlorhexidine-loaded calcium hydroxide-based intracanal medications in endo-periodontal lesions: an ex vivo and in vitro study	Antibiotics (Basel) 2023; 12(9): 1416
Personalized medicine based on the pathogenesis and risk assessment of endodontic-periodontal lesions	J Pers Med 2022; 12(10): 1688
Cementodentinal tear associated with a periodontal-endodontic combined lesion: a case report with a 14-month follow-up [can be accessed on DOSS free by logging in on this page]	Int J Periodont Rest Dent 2022; 42 (2): e27-e32
Prevalence of endo-perio lesions according to the 2017 World Workshop on the Classification of Periodontal and Peri-Implant Disease in a university hospital [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2022; 53 (2): 134-142
Comparison of the treatment efficacy of endo-perio lesions using a standard treatment protocol and extended by using a diode laser (940 nm)	J Clin Med 2022; 11(3): 811
Prevalence of red and orange microbial complexes in endodontic-periodontal lesions: a systematic review and meta-analysis [can be accessed on DOSS free by logging in on this page]	Clin Oral Investig 2021; 25(12): 6533-6546
Efficacy of root canal therapy combined with basic periodontal therapy and its impact on inflammatory responses in patients with combined periodontal-endodontic lesions	Am J Translational Res 2021; 13(12): 14149-14156
Interrelationship between the microbial communities of the root canals and periodontal pockets in combined endodontic-periodontal diseases	Microorganisms 2021; 9(9): 1925
Treatment of an endo-perio lesion with ozone gas in a patient with aggressive periodontitis: a clinical case report and literature review	Clin Cosmet Investig Dent 2020; 12: 447-464

PERIODONTAL-ENDODONTIC LESIONS

Perio-endo lesions: a guide to diagnosis and clinical management (request using https://www.smartsurvey.co.uk/s/PJHMY/)	Prim Dent J 2020; 9 (4): 45-51
Is intentional replantation appropriate for treatment of extensive endodontic-periodontal lesions related to palatogingival groove?	Chin J Dent Res 2020; 23 (3): 205-14
Successful multidisciplinary management of an endodontic-periodontal lesion associated with a palato-radicular groove: a case report [Accessible from the Wiley link on this page]	Clin Adv Periodont 2020; 10 (2): 88-93
Comparison of GTR, T-PRF and open-flap debridement in the treatment of intrabony defects with endo-perio lesions: a randomized controlled trial	Med Oral Patol Oral Cir Bucal 2020; 25(1): e117-e123
The effect of endodontic treatment using different intracanal medicaments on periodontal attachment level in concurrent endodontic-periodontal lesions: A randomized controlled trial	J Conserv Dent 2018; 21 (4): 413-18
Successful management of teeth with different types of endodontic-periodontal lesions	Case Rep Dent 2018; 29: 2018:7084245
Effect of immediate periodontal surgical treatment on periodontal healing in combined endodontic-periodontal lesions with communication-A randomized clinical trial	J Oral Biol Craniofac Res 2018; 8(2): 105-112
Efficacy of flapless intentional replantation with enamel matrix derivative in the treatment of hopeless teeth associated with endodontic-periodontal lesions: A 2-year prospective case series [can be accessed on DOSS free by logging in on this page]	Quint Int 2018; 49 (9): 699-707
Collaborative management of combined periodontal-endodontic lesions with a palatogingival groove: a case series [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Endodont 2017; 43 (2): 332-7

Treatment of a developmental groove and supernumerary root using guided tissue regeneration technique	Case Rep Dent 2016; [Epub] Article ID 2738569
Palato-radicular groove: a rare entity in maxillary central incisor leading to endo-perio lesion	J Clin Diagnos Res 2016; 10(8): ZJ14-ZJ15
The importance of correct diagnosis and treatment in endo-periodontal lesions: a two cases comparison (request using https://www.smartsurvey.co.uk/s/PJHMY/)	Dental Update 2016; 43:766-771
Papillary reconstruction and guided tissue regeneration for combined periodontal-endodontic lesions caused by palatogingival groove and additional root: a case report	Clin Case Rep 2015; 3(12): 1042-1049

PERIODONTAL-ENDODONTIC LESIONS

Resection and regeneration – a novel approach in treating a perio-endo lesion	J Clin Diagnos Res 2015; 9(3): ZD08-ZD10
Mineral trioxide aggregate in treatment of permanent teeth with open apex and endo-perio lesions. A case report	Eur J Paediatr Dent 2015; 16(4): 287-289
Effect of time lapse between endodontic and periodontal therapies on the healing of concurrent endodontic-periodontal lesions without communication: a prospective randomized clinical trial [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Endod 2015; 41(6): 785-790
Treatment of periodontal-endodontic lesions—a systematic review [Accessible from the Wiley link on this page]	J Clin Periodontol 2014; (41): 779-790
Multidisciplinary approach to the conservative and regenerative management of endo-perio lesion	Int J Dent Sci Res 2014; 2 (4B): 11-13
A case series associated with different kinds of endo-perio lesions	J Clin Exp Dent 2014; 6 (1): e91-e95
Bacterial analysis of combined periodontal-endodontic lesions by polymerase chain reaction denaturing gradient gel electrophoresis	J Oral Sci 2013; 55 (4): 287-291
Treatment of combined endodontic-periodontic lesions using guided tissue regeneration : clinical case and histology [can be accessed on DOSS free by logging in on this page]	Int J Periodontics Restorative Dent 2012; (32): 433-439
Detection and clonal analysis of anaerobic bacteria associated to endodontic-periodontal lesions [Accessible from the Wiley link on this page]	J Periodontol 2011; (82): 1767-1775
Endo-perio dilemma: a brief review	Dent Res J (Isfahan) 2011; 8 (1): 39-47
Pulpal perio relations: interdisciplinary diagnostic approach - i	J Indian Soc Periodontol 2011; 15 (1): 80-82
A sequential approach in treatment of perio-endo lesions	J Indian Soc Periodontol 2011; 15 (2): 177-180
Management of an endo perio lesion in a maxillary canine using platelet-rich plasma concentrate and an alloplastic bone substitute	J Indian Soc Periodontol 2009; 13 (2): 97-100
Periodontal-endodontic lesion of a three-rooted maxillary premolar: report of a case [Accessible from the Wiley link on this page]	J Periodontol 2010; (81): 783-788
An adventurous habit of bottle-cap opening resulting in an endodontic-periodontal lesion: a case report [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2009; 40 (6): 449-451
