PERIODONTITIS: THERAPY

Effectiveness of omega-3 fatty acids as an adjunct to scaling and root planing in periodontitis: a meta-analysis of randomized controlled trials [Accessible from the Wiley link on this page]	Int J Dent Hyg 2026; online 14 September; idh.70166
Clinical and biochemical effects of repeated injectable platelet-rich fibrin application in periodontitis treatment: a randomized controlled clinical trial [Accessible from the Wiley link on this page]	Int J Dent Hyg 2026; online 14 September; idh.70162
Rethinking systemic adjuncts in periodontitis: a single centre acquisition cost comparison of antimicrobial and non-antimicrobial therapies	BDJ (2026). https://doi.org/10.1038/s41415-026-0083-z
Treating Stage IV periodontitis: the UK adolopment of the EFP Stage IV Periodontitis Treatment Guidelines	BDJ 2026; 241(5): 329-338
A conceptual regeneration–maintenance decision aid for class II furcation involvement	Clinical Oral Investigations 2026; 30(8): 346
Comparative analysis of low-abrasive powders on root surface roughness and substance loss: an ex vivo study	Clinical Oral Investigations 2026; 30(8): 341
Healing outcomes of single-visit and two-visit endodontic treatment for necrotic teeth with apical periodontitis: a randomized clinical trial	J Endodont 2026; online 29 July: joen.2026.07.018
The effect of periodontal treatment on tongue covering and olfactory function in patients with periodontitis	Odontology 2026; online 15 June: doi.org/10.1007/s10266-026-01446-9
Minimally invasive (MINST) versus conventional non-surgical therapy for residual pockets in patients with periodontitis: a randomized clinical trial	J Periodont Res 2026; online 18 June doi.org/10.1111/jre.70083
Comparative effect of non-surgical versus surgical therapy for stage III/IV periodontitis: a retrospective cohort study	Int Dent J 2026; 76(4): 109555
Clinical outcomes of minimally invasive bone grafting integrated with concentrated growth factor for periodontitis [free to members on Science Direct. If you do not have a login email library@bda.org to request one	J Stomatol Oral Maxillofac Surg 2026; 127(3): 102645
Influence of staging and grading and multiple factors on the success of non-surgical periodontal therapy performed by dental hygienists: a retrospective analysis	Int J Dent Hyg 2026; online 22 February: idh.70036
A survey on providers' views on utilization of dental hygienists and dental therapists delivering periodontal care in the South West of England	BDJ Open 2025; 11: 97
Effectiveness of two supportive periodontal care protocols and outcome predictors during periodontitis: A randomized controlled trial	J Periodontol 2025; online 7 Nov doi.org/10.1002/jper.70007
The effect of systemic lycopene supplementation on non-surgical periodontal therapy outcomes: A clinical trial	BDJ Open 2025; 11: 65

PERIODONTITIS: THERAPY

Impact of surgical and non-surgical periodontal therapy on quality of life in case of periodontitis	Oral Dis 2025; 31(8): 2564-2571
Omega-3 and aspirin in the nonsurgical treatment of grade C periodontitis: A randomized clinical trial	J Periodontol 2025; 96 (8): 881-93
Periodontal and peri-implant bleeding on probing in patients undergoing supportive maintenance: a cross-sectional study	Clin Oral Investig 2024; 28: 633
The association between periodontal microbial biomarkers and primary therapy outcome	Clin Oral Investig 2024; 28(10): 523
Microbiome-based therapies for periodontitis and peri-implantitis [Accessible from the Wiley link on this page]	Oral Diseases 2024; 30(5): 2838-2857
Clinical effectiveness of regenerative periodontal surgery and orthodontic tooth movement with clear aligners in stage IV periodontitis: a case series [can be accessed on DOSS free by logging in on this page]	Quint Int 2024; 55 (5): 348-57
The effects of scaling and root planing plus home oral hygiene maintenance in Stage I/II periodontitis population: A 24-week randomized clinical trial	Int J Dent Hyg 2024; 22(3): 727-735
Comparison of the effectiveness of Morus alba and chlorhexidine gels as an adjunct to scaling and root planing on stage II periodontitis – A randomized controlled clinical trial [Accessible from the Wiley link on this page]	Int J Dent Hyg 2024; 22(3): 717-726
Pocket closure in stage III–IV grade C periodontitis: A multilevel analysis following non-surgical periodontal therapy [Accessible from the Wiley link on this page]	Int J Dent Hyg 2024; 22(3): 547-553
Systemic antibiotics for symptomatic apical periodontitis and acute apical abscess in adults	Cochrane Database Syst Rev 2024 5(5): CD010136
Supportive periodontal care in dental practice: Part 1 - the importance and implications for general dental practitioners [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ 2024; 236(7): 533-537
Supportive periodontal care in dental practice: Part 2 - perceptions of locally referring UK general dental practitioners [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ 2024: https://doi.org/10.1038/s41415-024-7234-x
Impact of subgingival instrumentation on systemic inflammation and serum bone resorption marker in premenopausal women with periodontitis: a prospective interventional study [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2024; 55(2): 108-118
Butyrate inhibits dendritic cell activation and alleviates periodontitis [can be accessed on DOSS free by logging in on this page]	J Dent Res 2023; 102(12): 1326-1336

Multidisciplinary approach involving strategic implant placement before orthodontic (SIMBO) treatment for generalized stage IV grade C periodontitis: A case report with 10-year follow-up [Accessible from the Wiley link on this page]	J Esthet Restor Dent 2023; 35(8): 1171-1185
Photodynamic therapy as an adjunctive treatment for Grade C periodontitis in molar teeth: a preliminary trial [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2023; 54 (7): 528-534
Efficacy of the additional use of subgingival air-polishing with erythritol powder in the treatment of periodontitis patients: a randomized controlled clinical trial. Part II: effect on sub-gingival microbiome [can be accessed on DOSS free by logging in on this page]	Clin Oral Invest 2023; 27 (6): 2547-63
Adjunctive Nd:YAG laser irradiation in the treatment of stage III/IV periodontitis: a 12-month, randomized, controlled trial [can be accessed on DOSS free by logging in on this page]	Clin Oral Invest 2023; 27 (6): 2547-63
Five-year radiological findings from a randomized controlled trial of four periodontitis treatment strategies	Eur J Oral Sci 2023; 131(5): 1-10
Clinical and microbiological assessment in a subpopulation of young Argentine patients with severe periodontitis	Acta Odontol Latinoam 2023; 36 (1): 24-33
Europe's contribution to the evaluation of the use of systemic antimicrobials in the treatment of periodontitis	Perio 2000 2023; 14 June [Early view]
Impact of treatment on host responses in young individuals with periodontitis [can be accessed on DOSS free by logging in on this page]	J Dent Res 2023; 102 (5): 473-488
Association of vitamin D in individuals with periodontitis: an updated systematic review and meta-analysis	BMC Oral Health 2023; 23: Art 387
Treatment outcome of surgical and non-surgical endodontic retreatment of teeth with apical periodontitis [Accessible from the Wiley link on this page]	Int Endod J 2023; 56(6): 686-696
The use of Trojan-horse drug delivery system in managing periodontitis	Int Dent J 2023; 73 (3): 346-53
Tooth retention and clinical and radiographic long-term results among patients treated with full-mouth LaserAssisted New Attachment Procedure (LANAP): a case series [can be accessed on DOSS free by logging in on this page]	Int J Periodont Restor Dent 2023; 43 (2): 181-191
Microbiological status at intake in relation to clinical periodontal status at intake and the response to non-surgical periodontal therapy—A retrospective analysis	Int J Dent Hyg 2023; 12 Jan [Early view]

Evaluation of multiple subgingival irrigations with 10% povidone-iodine after scaling and root planing: a randomized clinical trial [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2021; 52 (6): 496-504
Current concepts in the management of periodontitis	Int Dent J 2021; 71 (6): 462-76
Influence of psychological stress on non-surgical periodontal treatment outcomes in patients with severe chronic periodontitis [Accessible from the Wiley link on this page]	J Periodont 2021; 92(2): 186-95
Multilevel analysis of non-surgical periodontal treatment of patients with generalised aggressive periodontitis	Chin J Dent Res 2021; 24 (3): 191-198
Efficacy of the additional use of subgingival air polishing with erythritol powder in the treatment of periodontitis patients: a randomized controlled clinical trial [can be accessed on DOSS free by logging in on this page]	Clin Oral Investig 2021; 25 (2): 729-36
Treatment of localized aggressive periodontitis alters local host immunoinflammatory profiles: A long-term evaluation [Accessible from the Wiley link on this page]	J Clin Perio 2021; 48 (2): 237-48
Local delivery therapies as adjuvants to non-surgical periodontal treatment of periodontitis grade C: a systematic review [can be accessed on DOSS free by logging in on this page]	Clin Oral Investig 2020; 24 (12): 4213-4224
Periodontitis phenotypes and clinical response patterns to non-surgical periodontal therapy: reflections on the new periodontitis classification [Accessible from the Wiley link on this page]	European Journal of Oral Sciences 2020; 128(1): 55-65
Comparative evaluation of subgingivally delivered 2% curcumin and 0.2% chlorhexidine gel adjunctive to scaling and root planing in chronic periodontitis	J Contemp Dent Pract 2020; 21(5): 494-499
An explorative study of the current practice and attitude towards the management of chronic periodontitis by general dental practitioners in the West Midlands [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2020; 228(7): 537-545
Effect of topical administration of propolis in chronic periodontitis [can be accessed on DOSS free by logging in on this page]	Odontol 2020; 108(4): 704-714
Adjunctive subgingival application of Chlorhexidine gel in nonsurgical periodontal treatment for chronic periodontitis: a systematic review and meta-analysis	BMC Oral Health 2020; 20(1): 34
Effect of probiotics as a complement to non-surgical periodontal therapy in chronic periodontitis: a systematic review	Med Oral Patol Oral Cir Bucal 2020; 25(2): e161-e167
Evaluation of different local drug delivery systems in the management of chronic periodontitis: a comparative study	J Contemp Dent Pract 2020; 21(3): 280-284

Effect of nonsurgical periodontal therapy on haematological parameters in grades B and C periodontitis: an exploratory analysis	Clin Oral Investig 2020; (24): 4291-4299
Effect of nonsurgical periodontal therapy on haematological parameters in grades B and C periodontitis: an exploratory analysis	Clin Oral Investig 2020; (24): 4291-4299
Long-term periodontitis treatment costs according to the 2018 classification of periodontal diseases [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Dent 2020; (99): 103417
The effect of an intraorifice barrier and base under coronal restorations on the healing of apical periodontitis: a randomized controlled trial [Accessible from the Wiley link on this page]	Int Endod J 2020; 53(3): 298-307
Factors affecting decision making at reassessment of periodontitis. Part 3: interpretation of clinical findings – local factors [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2019; 227(10): 869-874
Factors affecting decision making at reassessment of periodontitis. Part 2: interpretation of clinical findings – systemic factors [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2019; 227(9): 797-801
Supportive periodontal therapy in moderate-to-severe periodontitis patients: a two-year randomized clinical trial [Accessible from the Wiley link on this page]	J Clin Periodontol 2019; 46(11): 1083-1093
Effectiveness of scaling and root planning with and without adjunct antimicrobial photodynamic therapy in the treatment of chronic periodontitis among cigarette-smokers and never-smokers: A randomized controlled clinical trial [Available in the loan package only] (request using https://www.smartsurvey.co.uk/s/PJHMV/)	Photodiagnosis Photodyn Ther 2019; (25): 247-252
Is periodontitis and its treatment capable of changing the quality of life of a patient [Log in to the BDA home page and follow the link to the BDJ to access]	Br Dent J 2019; 227 (7): 621-625
The effect of green tea as an adjunct to scaling and root planning in non-surgical periodontitis therapy: a systematic review [can be accessed on DOSS free by logging in on this page]	Clin Oral Invest 2019; 23(1): 1-20
Evidence-based update on diagnosis and management of gingivitis and periodontitis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Dent Clin N Am 2019; (63): 69-81
Long-term survival and maintenance efforts of splinted teeth in periodontitis patients [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Dent 2019; (80): 49-54
Berberine ameliorates periodontal bone loss by regulating gut microbiota	J Dent Res 2019; (98): 107-116

Do adjunctive statins improve periodontal treatment outcomes in patients with chronic periodontitis? [Log in to the BDA home page and follow the link to the BDJ and then EBD to access]	EBD 2019; (20): 18-19
Use of modified vertical internal mattress suture versus simple loop interrupted suture in modified Widman flap surgery: a randomized clinical study [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2019; (50): 732-740
Comparing the periodontal tissue response to non-surgical scaling and root planing alone, adjunctive azithromycin, or adjunctive amoxicillin plus metronidazole in generalized chronic moderate-to-severe periodontitis: a preliminary randomized controlled trial	Aust Dent J 2019; 64(2): 145-152
Polyhexamethylene guanidine phosphate irrigation as an adjunctive to scaling and root planing in the treatment of chronic periodontitis	Acta Odontol Scand 2019; 77(4): 290-295
Effect of compliance during periodontal maintenance therapy on levels of bacteria associated with periodontitis: a 6-year prospective study [Accessible from the Wiley link on this page]	J Periodontol 2018; 89(5): 519-530
Outcome of 940-nm diode laser-assisted endodontic treatment of teeth with apical periodontitis: a retrospective study of clinical cases [Available in the loan package only] (request using https://www.smartsurvey.co.uk/s/PJHMV/)	Lasers Dent Sci 2018; 2 (3): 169-179
Periodontal perspectives of autologous blood preparations	J Implant Adv Clin Dent 2018; 10 (4): 24-35
Treatment of intrabony defects with modified perforated membranes in aggressive periodontitis: a 12-month randomized controlled trial	Clin Oral Invest 2018; (22): 2819-2828
Influence of mouth breathing on outcome of scaling and root planing in chronic periodontitis	BDJ Open 2018; (4): 17039
Minimally invasive erbium flap (MINIE™ flap)—a retrospective surgical treatment for chronic periodontitis [Available in the loan package only] (request using https://www.smartsurvey.co.uk/s/PJHMV/)	Lasers Dent Sci 2018; (2): 53-62
Management of localized aggressive periodontitis: a 30-year follow-up [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2018; 49 (8): 615-624
Moderate- to long-term therapeutic outcomes of treated aggressive periodontitis patients without regular supportive care [can be accessed on DOSS free by logging in on this page]	J Periodont Res 2018; (53): 324-333
Outcomes after 25 years of periodontal treatment and maintenance of a patient affected by generalized severe aggressive periodontitis [can be accessed on DOSS free by logging in on this page]	Int J Periodontics Restorative Dent 2018; 38 (3): 347-354
The effect of nonsurgical periodontal treatment on gingival crevicular fluid stress hormone levels: a prospective study [Accessible from the Wiley link on this page]	Oral Diseases 2018; 25(1): 250-257

Shift in the subgingival microbiome following scaling and root planning in generalized aggressive periodontitis [Accessible from the Wiley link on this page]	J Clin Periodontol 2018; 45 (4): 440-452
The anti-inflammatory effect of locally delivered nano-doxycycline gel in therapy of chronic periodontitis [can be accessed on DOSS free by logging in on this page]	Acta Odontol Scand 2018; 76(1): 71-76
Clarithromycin as an adjunct to one-stage full-mouth ultrasonic periodontal debridement in generalized aggressive periodontitis: a randomized controlled clinical trial [Accessible from the Wiley link on this page]	J Periodontol 2017; 88(12): 1244-1252
Efficacy of 1% metformin gel in patients with moderate and severe chronic periodontitis: a randomized controlled clinical trial [Accessible from the Wiley link on this page]	J Periodontol 2017; 88(10): 1023-1029
Effects of photodynamic therapy in periodontal treatment: a randomized, controlled clinical trial [Accessible from the Wiley link on this page]	J Clin Periodontol 2017; 44(9): 915-925
A double-masked randomized clinical trial (RCT) comparing four periodontitis treatment strategies: 5-year clinical results [Accessible from the Wiley link on this page]	J Clin Periodontol 2017; 44(10): 1029-1038
Effects of periodontal endoscopy on the treatment of periodontitis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2017; 148(10): 750-759
Combined application of Er:YAG and split-mouth, single-blind, randomized controlled trial [can be accessed on DOSS free by logging in on this page]	J Periodont Res 2017; 52(5): 853-862
Nonsurgical and surgical treatment of periodontitis: how many options for one disease? [Accessible from the Wiley link on this page]	Perio 2000 2017; 75(1): 152-188
Tooth loss in generalized aggressive periodontitis: prognostic factors after 17 years of supportive periodontal treatment [Accessible from the Wiley link on this page]	J Clin Periodontol 2017; 44 (6): 612-619
The antibacterial effect of Nd:YAG laser treatment of teeth with apical periodontitis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Endod 2017; 43(6): 857-863
Different antibiotic protocols in the treatment of severe chronic periodontitis: a 1-year randomized trial [Accessible from the Wiley link on this page]	J Clin Periodontol 2017; 44(8): 822-832
Treatment compliance in patients with aggressive periodontitis – a retrospective case-control study [can be accessed on DOSS free by logging in on this page]	Acta Odonto Scandi 2017; 75(2): 94-99

Chlorhexidine mouthwash as an adjunct to mechanical therapy in chronic periodontitis: a meta-analysis [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2017; 148(5): 308-318
Long-term clinical response to treatment and maintenance of localized aggressive periodontitis: a cohort study [Accessible from the Wiley link on this page]	J Clin Periodontol 2017 44 (2) 158-168
Clinical efficacy of subgingivally delivered 1.2 mg simvastatin in the treatment of patients with aggressive periodontitis: a randomized controlled clinical trial [can be accessed on DOSS free by logging in on this page]	Int J Periodont Rest Dent 2017; 37(2): e135-e141
A randomized double-masked clinical trial comparing four periodontitis treatment strategies: 5-year tooth loss results [Accessible from the Wiley link on this page]	J Periodontol 2017; 88(2): 144-152
Periodontal treatment and maintenance of molars affected with severe periodontitis (DPSI = 4): an up to 27-year retrospective study in a private practice [can be accessed on DOSS free by logging in on this page]	Quintessence Int 2017; 48(5): 391-405
Local minocycline effect on inflammation and clinical attachment during periodontal maintenance: randomized clinical trial [Accessible from the Wiley link on this page]	J Periodontol 2016; 87(10): 1149-1157
Local disinfection with sodium hypochlorite as adjunct to basic periodontal therapy: a randomized controlled trial [Accessible from the Wiley link on this page]	J Clin Periodontol 2016; 43(9): 778-788
The use of systemic antibiotics in the treatment of refractory periodontitis: a systematic review [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	JADA 2016; 147(7): 577-585
Inflammatory response influences treatment of localized aggressive periodontitis	J Dental Res 2016 95 (9) 635-641
Synergistic approach using platelet-rich fibrin and 1% alendronate for intrabony defect treatment in chronic periodontitis: a randomized clinical trial [Accessible from the Wiley link on this page]	J Periodontol 2016; (87(12): 1427-1435
Full mouth rehabilitation of patient with advanced chronic periodontitis: a case report	J Implant Adv Clin Dent 2016; 8(8): 14-20
Efficacy of local and systemic antimicrobials in the non-surgical treatment of smokers with chronic periodontitis: a systematic review [Accessible from the Wiley link on this page]	J Periodontol 2016; 87(11): 1320-1332

Antibiotics/antimicrobials: systemic and local administration in the therapy of mild to moderately advanced periodontitis [Accessible from the Wiley link on this page]	Periodontology 2000, 2016; 71(1): 82-112
The concomitant administration of systemic amoxicillin and metronidazole compared to scaling and root planing alone in treating periodontitis: a systematic review	BMC Oral Health 2016; 16: 27
Successful treatment of generalized refractory chronic periodontitis through discontinuation of waxed or coated dental floss use: a report of 4 cases [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2016; 147(12): 974-978
Clinical effects of *Lactobacillus rhamnosus* in non-surgical treatment of chronic periodontitis: a randomized placebo-controlled trial with 1-year follow-up [Accessible from the Wiley link on this page]	J Periodontol 2016; 87(8): 944-952
Comparison of full-mouth disinfection and quadrant-wise scaling in the treatment of adult chronic periodontitis: a systematic review and meta-analysis [can be accessed on DOSS free by logging in on this page]	J Periodont Res 2016; 51(4): 417-430
1.2% rosuvastatin versus 1.2% atorvastatin gel local drug delivery and redelivery in treatment of intrabony defects in chronic periodontitis: a randomized placebo-controlled trial [Accessible from the Wiley link on this page]	J Periodontol 2016; 87(7): 756-762
Clinical effect of azithromycin as an adjunct to non-surgical treatment of chronic periodontitis: a meta-analysis of randomized controlled clinical trials [can be accessed on DOSS free by logging in on this page]	J Periodont Res 2016; 51(3): 275-283
Scaling and root planing vs. Conservative surgery in the treatment of chronic periodontitis [Accessible from the Wiley link on this page]	Periodontol 2000; 2016 71(1): 128-139
Scaling and root planing per quadrant versus one-stage full-mouth disinfection: assessment of the impact of chronic periodontitis treatment on quality of life – a clinical randomized, controlled trial [Accessible from the Wiley link on this page]	J Periodontol 2016; 87(2): 114-123
Full mouth periodontal debridement with or without adjunctive metronidazole gel in smoking patients with chronic periodontitis: a pilot study [can be accessed on DOSS free by logging in on this page]	J Periodont Res 2016; 51(1): 50-59
