

ORAL ULCERATION

Recombination humanized type III collagen promotes oral ulcer healing [Accessible from the Wiley link on this page]	Oral Dis 2023; online 16 Feb doi.org/10.1111/odi.14540
Application of Stichopus hermanni nanoparticle gel in the healing of traumatic ulcers	Eur J Dent 2023; Jan 23
Marine collagen peptides: A novel biomaterial for the healing of oral mucosal ulcers	Dent Mat J 2022; 41 (6): 850-859
Effects of aloe vera in the treatment of oral ulcers: A systematic review and meta-analysis of randomized controlled trials	Oral Health Preventive Dent 2022; 20 (1): 509-516
Unusual oral mucosal ulceration post allogenic hematopoietic stem cell transplantation [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2022; 133 (6): 618-625
Clinical outcomes in adults' subjects with aphthous stomatitis treated with an oral hyaluronic acid-based medical device	Minerva Dent Oral Sci 2022; 71 (2): 101-106
Recognition and management of drug-associated oral ulceration: a review [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ 2022; 233: 564-8
Prevalence of recurrent aphthous ulcers among dentistry students in Kabul, Afghanistan: A questionnaire-based study	Clin Cosmet Investig Dent 2022; 14: 275-279
Oral mucosal lesions in patients with COVID-19: a systematic review	Br J Oral Maxillofac Surg 2021; 59 (9): 1024-1030
Gustatory dysfunction and oral ulceration in COVID-19 patients: A cross sectional study	Dent Res J 2022; 19: 43
Is there a role of toothpastes in the development of recurrent aphthous stomatitis? A prospective controlled clinical trial with skin patch testing [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol 2021; 131: 43-8
Diagnostic challenge: Firm swelling of the lips and aphthouslike oral ulcers associated with new-onset allergies [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2022; 153 (3): 274- 283
CBD promotes mouth ulcer healing via inhibiting CMPK2-mediated inflammasome [can be accessed on DOSS free by logging in on this page]	J Dent Res 2022; 101 (2): 206-215
Painful nonhealing oral ulcers in a 60-year-old male patient [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2021; 132 (3): 260-266
Evidence-based effectiveness of herbal treatment modality for recurrent aphthous ulcers – A systematic review and meta-analysis	Natl J Maxillofac Surg 2021; 12 (3): 303-310

ORAL ULCERATION

Oral ulceration as presenting feature of paediatric inflammatory multisystem syndrome associated with COVID-19 [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2021; 58 (8): 1058-1059
Review of oral ulcerative lesions in COVID-19 patients: A comprehensive study of 51 cases	J Dent Sci 2021; 16 (4): 1066-1073
Comparative assessment of low-level laser therapy (LLLT) vs. topical application of amlexanox + lidocaine to treat recurrent aphthous ulcers (RAUs): A randomized controlled trial	J Dent Res Dent Clin Dent Prospects 2021; 15 (1): 11-15
MDMA and mouth ulcers [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ 2021; 231 (12): 724
Preparation and evaluation of in - situ gels containing hydrocortisone for the treatment of aphthous ulcer	J Oral Biol Craniofac Res 2021; 11 (2): 269-276
Diagnostic challenge: Chronic symptomatic oral ulcers [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Am Dent Assoc 2021; 152 (11): 948-953
Clinical characteristics and risk factors of major oral ulcers in the mandibular retromolar region in children [can be accessed on DOSS free by logging in on this page]	Clin Oral Investig 2021; 25 (6): 3505-3512
Mycophenolate mofetil-induced oral ulcers: Another oral mucosal complication in solid organ transplantation [Accessible from the Wiley link on this page]	Spec Care Dent 2021; 41 (1): 125-126
Differential diagnosis between herpetic gingivostomatitis and herpetiform aphthous ulcerations	J Dent Sci 2020; 15 (3): 386-387
Topical curcumin and triamcinolone acetonide in recurrent minor aphthous ulcers: a pilot trial	J Contemp Dent Pract 2020; 21 (8): 884-890
Diagnosis and management of oral ulcerations associated with mycophenolate mofetil in kidney transplantation [Accessible from the Wiley link on this page]	Spec Care Dent 2020; 40 (6): 605-610
New mouthwash: an efficacious intervention for oral ulceration associated with Behcet's disease [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2020; 58 (8): 1034-1039
Spontaneous oral ulceration with bone sequestration: its relevance in current clinical practice [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Br J Oral Maxillofac Surg 2020; 58 (9): e75-e79
Value of colchicine as treatment for recurrent oral ulcers: A systematic review [can be accessed on DOSS free by logging in on this page]	J Oral Pathol Med 2020; 49 (8): 731-740

ORAL ULCERATION

Expert recommendations for prevention, treatment and care of oral ulcers and other mucosal diseases during the coronavirus outbreak [can be accessed on DOSS free by logging in on this page]	Chin J Dent Res 2020; 23 (2): 95-98
Oral ulceration with bony sequestration [Log in to the BDA home page and follow the link to the BDJ to access]	BDJ 2020; 228 (6): 397-398
Clinical efficacy of an aloe vera gel versus a 0.12% chlorhexidine gel in preventing traumatic ulcers in patients with fixed orthodontic appliances: a double-blind randomized clinical trial [can be accessed on DOSS free by logging in on this page]	Odontology 2020; 108 (3): 470-478
Intralesional triamcinolone acetonide therapy for inflammatory oral ulcers [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2019; 128 (5): 485-490
Local formula with mucoadhesive property: a randomized clinical trial of a therapeutic agent for the treatment of oral aphthous ulcers	J Contemp Dent Pract 2019; 20 (11): 1249-1253
Recurrent oral ulceration: Etiology, classification, management, and diagnostic algorithm [Accessible from the Wiley link on this page]	Periodontol 2000; 2019 80 (1): 49-60
Atypical ulceration of the hard palate [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2019; 128 (4): 347-352
Management of denture-related traumatic ulcers using ozone [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	J Prosthet Dent 2019; 121 (1): 76-82
Chronic painful oral ulcers in a heart transplant recipient [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2019; 127 (6): 468-476
A randomized, double-blind, placebo-controlled trial on clinical efficacy of topical agents in reducing pain and frequency of recurrent aphthous ulcers	Open Dent J 2018; 12: 700-713
Effect of over-the-counter topical agents on denture-induced traumatic lesions: a clinical study [can be accessed on DOSS free by logging in on this page]	Int J Prosthodont 2018; 31 (5): 481-484
Effect of herbal <i>Echinacea</i> on recurrent minor oral aphthous ulcer	Open Dent J 2018; 12: 567-571
Efficacy of a glycopolymer-based oral rinse upon pain associated with ulcerative and erosive lesions of the oral mucosa: A within-subject pilot study [free to members on Science Direct. If you do not have a login email library@bda.org to request one]	Oral Surg Oral Med Oral Pathol Oral Radiol 2018; 126 (3): 240-245
Candida is a protractive factor of chronic oral ulcers among usual outpatients	Japan Dent Sci Rev 2018; 54 (2): 52-58

[Destructive and painful ulcer in the posterior oral cavity and oropharynx](#) [free to members on Science Direct. If you do not have a login email library@bda.org to request one] J Am Dent Assoc 2017; 148 (9): 678-683

Is chronic ulcerative stomatitis a variant of lichen planus, or a distinct disease? [can be accessed on DOSS free by logging in [on this page](#)] J Oral Pathol Med 2017; 46 (10): 859-863

[Resolution of recurrent aphthous ulcers after discontinuation of cow's milk protein intake](#) [free to members on Science Direct. If you do not have a login email library@bda.org to request one] J Am Dent Assoc 2017; 148 (8): 614-617
